

Re: Michael Roddy

Please accept this letter of recommendation on behalf of Michael Roddy. Michael has joined our staff as a contacted writer/director for several years of outstanding productions. Eternal Reward (2003), DepRaved Reality (2004) Haunt Me Baby One More Time (2005) and Blood Relations (2010) were marquee shows for our Howl-O-Scream event. All four shows received outstanding ratings from our guests and were completed on time and on budget. Michael also created several media moments for our marketing teams, as well as a Flash Mob series that delighted our Guests during the summer of 2010. Michael has also been a valuable asset to creative brainstorming meetings for a variety of projects and venues.

Michael's talent as a writer and director is exceptional and this, coupled with his commitment and dedication to his projects, makes for an outstanding combination. He lends his expertise to musical selections and arranging, set design, costume design and prop design, ensuring that his projects are top quality. He takes pride in his work and especially in his attention to detail.

In addition, Michael is excellent at managing casts and assisting them in realizing their full potentials. He works equally well with performers of all levels and has outstanding casting abilities. Michael's ability to join our existing creative and operational team was key to our continued relationship. I would welcome working with him again on future projects.

My experiences working with Michael lead me to believe that he will be a success at any venture he chooses to associate with. He is an asset to any team and comes with the highest of recommendations.
